Incomplete Response

First of all, although the Applicant had amended independent claim 1, in response to the

112(1) Rejection, however, the Applicant does not show how the claim amendment overcomes

the said Rejection.

Second of all, the Applicant does not address the Rejection based on the Krishan's Patent.

Under 1.111, all issues raised by the Examiner should be addressed in the Applicant's current

response.

Finally, the Applicant is herein given one month to respond to the present

correspondence.

(P.S.) As featured in the Applicant's remarks, the Examiner is not of the opinion that the

claimed invention or at least amended claim 1 recites a method of embedding or inserting an

advertiser's or sponsor's logo or background or advertising in a free Software or Application,

provided to a user by the sponsor, and displaying this logo or background each time the user

accesses the sponsor's free Software.
